Contact details for further help are at the end of this guide.

The Law Journal Library is HeinOnline signature collection of nearly 3,000 fully searchable, image-based journals, each dating back to the first issue ever published. This scholarly journal database spans more than 39 million pages and nearly 40 subjects, bridging a crucial research gap. In some cases, the current issues are available but generally, the current year or volume is unavailable. Recent issues may be available in Westlaw or LexisLibrary.

This database is available on and off campus and may be accessed from Databases in the [Electronic Library](http://www.ljmu.ac.uk/library/e-library) at: <http://www.ljmu.ac.uk/library/e-library>

- Go to **Discover**, if prompted, **Sign in** with your **LJMU username@ljmu.ac.uk** and **password**
- Select the **Databases** option
- Type the name of the database in the search box
- Select the title and then the online link in the **View Online** box

Hein content is searchable within Discover, but increased relevant results may be found by searching directly on the database, useful for dissertations and beyond.
