

Are you interested in biofouling? Calling all experts and novices!

Join us!

Let us grow the
IAMU Biofouling Network
(and not Biofouling!)

IAMU

Biofouling Network

The network aims to facilitate:

- Understanding and exchanging knowledge on biofouling and antifouling
 - Networking
- Training at different levels
- Collaboration in projects
- Engaging experts, interest groups, academics & mariners.

What is biofouling?

Biofouling is the unwanted biological growth on materials of maritime structures and equipment

We are LJMU (lead), CMU, ITU, ODU & AMET

Join us in the
IAMU Biofouling
Network!

Email us at:

IAMUNOFOUL@ljmu.ac.uk

Set up by the
NOFOUL Project

Funded by IAMU and Nippon Foundation
